PRE-ENROLMENT

Prior to applying to undertake a course, students are encouraged to think about their individual learning needs. Students should then consider all the information provided in this Handbook and decide whether the course, training and assessment methods and support mechanisms are appropriate for addressing their individual learning needs. Learning needs can mean different things to different people. Some examples of individual learning needs may relate to / be the result of:

- Intellectual, psychological, physical or medical conditions or have vision or hearing impairments.
- Family, work or personal commitments that impact study
- Poor experiences encountered when undertaking previous studies
- Why you want to undertake the intended course e.g. to access further study or employment opportunities
- The amount of time you have available to study per week or the duration of time you have to complete a course e.g. 1 year.
- Preferred learning styles. Some people learn best through reading, listening or watching, some through working independently as opposed to in groups with others. Some people learn best when completing practical activities and / or learning on the job. Some people learn best when undertaking a variety of learning methods identified above.
- Existing knowledge, skills and experience relevant to their intended course of study

Prior to submitting an enrolment application all students should read this Handbook in full. Particular attention should be paid to the sections that outline how TAE Training Academy and the specific course in which you are interested could address your learning needs. e.g. read the section on the type of academic support that is available to support students who have problems understanding the terminology in a subject and / or with homework, etc.

Course information pages (which accompany this document) provide details on course aims, course duration and course demands per week, types of learning and assessment methodologies, and further study and employment opportunities on successful course completion. Students should think about whether the course and support mechanisms address their learning needs.

Students should note that course delivery and assessment methodologies, duration and many other aspects of a course can be amended (where feasible) to address individual learning needs.

Students should consider whether the support mechanisms outlined in this handbook are appropriate for supporting their individual learning needs. e.g. sometimes being provided access to modified training materials, address specific needs, or being provided extra time to complete a task allows students to appropriately address the assessment requirements.

During enrolment, students will be asked to identify any individual learning needs that require support during their course. It is recommended that students provide TAE Training Academy full details that will enable us to identify whether we can appropriately address your individual needs and if so how this can be achieved.

TAE Training Academy encourages students to contact us and discuss any specific learning needs you may have and how these can be supported during your studies.

Recognition of Prior Learning (RPL)

All students are provided with the opportunity to have their prior learning and experience assessed and gain recognition for this (Recognition of Prior Learning). This experience may have been gained from employment, previous formal training undertaken or life experiences. The RPL process will match a students' experience to the requirements in a unit of competency and be assessed to see if recognition can be granted.

Students may apply for RPL by submitting evidence of competency against the unit of competency performance criteria, performance evidence and knowledge evidence. The CT / RPL application form is available on request from your trainer.

Credit Transfer (CT)

TAE Training Academy recognises qualifications and statements of attainment issued by other Registered Training Organisations. Students who have successfully completed whole units of competency with another RTO can apply for credit transfer.

Both processes allow the student to reduce the time, study load and cost associated with achieving a qualification.

Students may apply for Credit Transfer by submitting a Credit Transfer application form along with original or certified certificates/ statements of attainment, by uploading the form and evidence at the time of registration. The CT/RPL application form is available on request from your trainer.

*** Please note that RPL and CT applications can only be considered for whole units of competency and that your trainer will assess all requests for RPL.*

Language Literacy and Numeracy

To ensure that we are catering for individual learning needs all students will complete a Language, Literacy and Numeracy (LLN) skills assessment as part of the enrolment process in accordance with regulatory guidelines. This process is completed as part of the Pre-training review.

If the student has an existing higher qualification as may be the case of a teacher completing a Certificate IV in Training and Assessment TAE40116, they will complete a pre-training review that will encompass a background check on their skills.

We are aware and understand that this can be a delicate matter. Our delivery and assessment methods can be adjusted to accommodate students with LLN needs where possible.

TAE Training Academy provides advice, support and help for any student requiring language, literacy and numeracy assistance. We also have relationships with agencies that can assist students who have LLN needs that cannot be accommodated by our staff and where appropriate we will work with external support systems to assist students in this area.

We welcome students with differing needs, and encourage potential or current students to contact TAE Training Academy for further information.

All delivery, assessment and instruction are carried out in English unless otherwise stated. There may be the opportunity available for you for "reasonable adjustment" concerning the assessment process, depending on the level of support you require. In the first instance, these should be discussed with your trainer.

Pre-Training Review

To ensure students are placed in a course with an appropriate training and assessment strategy we review their existing knowledge, skills, experience and qualifications relevant to the course for which they are applying. Students are asked to complete this Pre-training review during the application process by providing details of their existing knowledge, skills and experience relevant to the course.

Students' Language, Literacy and Numeracy ability is also assessed in conjunction with their knowledge, skills, experience and qualifications.

The results of the Pre-training review are used to determine if the student possesses the required LLN skills and knowledge, skills and experience to address course requirements and confirm whether the course is suitable for addressing their learning needs.

The Pre-training review and Enrolment forms are used to collect the information that will be analysed to determine if the course is appropriate for addressing the students learning needs.

If the student has an existing higher qualification as may be the case of a teacher completing a TAE40116 Certificate IV in Training and Assessment, they will complete a pre-training review that will encompass a background check on their skills.

Students are encouraged to contact TAE Training Academy if they require clarification of any terminology or information in this document or to discuss their learning needs.

When delivering Australian Qualification Framework courses to students, TAE Training Academy will implement decisions and actions to ensure that it complies with the requirements of the VET Quality Framework.

Training

Training is based on competency standards that outline the skills and knowledge to be applied in the workplace. Training is about assessing existing competence, developing the required competence and preparing people for assessment against specified competency standards.

All our nationally-recognised courses are designed in compliance with the guidelines of the relevant AQF training package. The course content and delivery methodologies accurately reflect the specifications outlined in the relevant AQF training package unit of competency.

Delivery and learning methodologies are tailored for each particular course to develop candidates' knowledge and skills so they are able to confidently perform associated tasks in the workplace on completion of their course.

Delivery and learning methodologies may include presentations, individual and group work activities, case studies, individual coaching and practical demonstrations. Delivery will involve a mixture of classroom and simulated work-based environments to develop competency.

Assessment

Student performance is assessed in accordance with the guidelines outlined in the relevant AQF training package unit of competence. This may be in the form of answering questions in writing, verbally, keeping logbooks or through practical demonstrations of knowledge and skills developed.

Each unit of competency will normally involve two or three assessments and after each assessment the students' submission will be marked S – satisfactory or NS – not-satisfactory.

Students are normally given 3 attempts to demonstrate competency at each assessment (including the initial submission). If they are still unable to demonstrate competency at this point (NYC) they must re-enrol and undertake the training again. This will incur a fee.

Course progress

TAE Training Academy monitors students course progress and may provide assistance if the student is experiencing difficulties and not progressing through their course as per the course schedule.

Access to appropriate supports services is provided to assist students to successfully complete their course within the scheduled duration. TAE Training Academy may refer students to external sources if they are unable to sufficiently provide support for the students' learning needs. Occupational / Work Health and Safety

TAE Training Academy conducts regular Health & Safety reviews covering all TAE Training Academy operations to ensure our equipment, materials and practices comply with all OHS / WHS legislation. We also ensure that our facilities comply with both TAE Training Academy standards as well as OHS / WHS legislation. Our staff and teacher/trainers will deliver training and assessment activities in a manner that removes or controls any hazard/risk.

Students must also act in a manner that safeguards their own health and safety and that of their fellow classmates. When TAE Training Academy staff and teacher/trainers are providing OHS / WHS information it is important that this is understood and instructions followed. If a student spots a potential hazard please report this to a member of staff and they will take the appropriate action.

Further information on OHS can be found at the following websites:

<https://www.australia.gov.au/information-and-services/health/workplace-health-and-safety>

<https://www.safeworkaustralia.gov.au/>

<https://www.worksafe.vic.gov.au/>

Student Safety

We are committed to providing a safe, secure and supportive environment for our students. Security and personal safety is an important issue for everyone, and relies on all of us working together. When you are out and about it is important to be alert and aware of your personal safety.

Attendance

Students are required to attend all classes. If a student is absent they must inform TAE Training Academy of the reason for this absence, which must be recorded in accordance with TAE Training Academy policy and procedure.

TAE Training Academy recognises that sometimes students may be unable to attend due to unforeseen circumstances. If a student is aware that they are going to be absent prior to the day, they are required to inform their teacher/trainer who may give them work or study to complete at home.

TAE Training Academy will monitor student's attendance and provide appropriate support to facilitate successful completion within the scheduled period.

Privacy

TAE Training Academy will treat all personal information confidentially and will not disclose any details to a third party without the student's prior written consent, except where it is required to provide details to the regulatory body or by law.

Access to Records

Students may access their personal records free of charge at any time by contacting the TAE Training Academy staff on admin@taetrainingacademy.com.au. TAE Training Academy staff will arrange an appointment within 5 working days to view the records and ask the student to bring confirmation of identity.

Academic Misconduct

Students are also required to adhere to TAE Training Academy code of conduct. If a student is found to have acted in a way that TAE Training Academy deems to be misconduct, it may impact their successful completion of the course.

As outlined in the Code of Conduct students are expected to approach learning and assessment activities in an ethical manner. At TAE Training Academy, our students almost always conduct themselves with integrity and do not engage in plagiarism or cheating. Plagiarism and cheating can occur over confusion about what the definitions of each actually are. The following information is intended to provide guidance.

Cheating

Cheating is the use of any means to gain an unfair advantage during the assessment process. Cheating may be (but not limited to) copying a friend's answers, using mobile phones or other electronic devices during closed book assessments, bringing in and referring to pre-prepared written answers in a closed book assessment and referring to texts during closed book assessments amongst others.

Cheating in any form during assessments will result in the student's assessment submission being invalidated.

Plagiarism

Plagiarism is the submission of somebody else's work as your own. This may include copying all or part of another person's thoughts or ideas and representing them as your own. If a student fails to identify the original source of some or all of the submission this also constitutes plagiarism. If a student copies another student's work and passes this off as their own then this is also a form of plagiarism and cheating.

During assessment students will read about ideas and gather information from many sources. When students use these ideas in assignments they must identify who produced them and in what publications they were found. If students do not do this they are plagiarising. If students are including other people's work in submissions e.g. passages from books or websites, then reference should be made to the source.

For further information on what constitutes plagiarism please refer to: <http://www.plagiarism.org/> or contact TAE Training Academy.

Submitting plagiarised work during assessments will result in the student's assessment submission being invalidated.

Collusion

Collusion is the presentation by a student of an assignment, as his or her own which is in fact the result in whole or in part of unauthorised collaboration with another person or persons. Collusion involves the cooperation of two or more students in plagiarism or other forms of academic misconduct or cheating. Both collusion and plagiarism can occur in group work.

Unauthorised collusion during assessments will result in the student's assessment submission being invalidated.

Cheating and / or plagiarism and / or collusion during assessments will be treated as a breach of the Code of Conduct and is deemed to be 'Academic Misconduct' and may lead to the student being removed from the course and their student visa being cancelled. No refund is available to the student in such circumstances.

All students have access to the Code of Conduct and Academic Misconduct Policy and Procedure. The Code of Conduct is printed in the Student Handbook and a copy of the Academic Misconduct policy and procedure is available on request by contacting Administration at any time.

If students have been found to have colluded, cheated or plagiarised, there are penalties and processes that are followed. Students may be penalised by any of the following ways as:

- Be reprimanded
- Be required to repeat the assessment or complete a new assessment task
- Fail all or part of the assessment
- Be suspended from studies
- Have their enrolment cancelled

Complaints and Appeals

If students have an issue with any aspect of their training course they should bring this to the attention of their trainer, teacher/trainer or another TAE Training Academy staff member. TAE Training Academy staff will attempt to resolve this in an informal manner to the student's satisfaction.

If the student is not satisfied with the outcome of the informal complaint they may lodge a formal complaint by completing the formal complaints and appeals form contained in appendix one of this handbook. This will be dealt with in accordance with the complaints and appeals policy, also located in appendix one of this handbook.

Students have the right to appeal the outcome of a complaint or the outcome of assessment decisions if they are dissatisfied and feel they have been dealt with unfairly. This can be done by completing the complaints and appeals form located in appendix one of this handbook. The appeal will be dealt with in accordance with the complaints and appeals policy and procedure located in appendix one of this handbook.

If submitting a formal complaint or appeal form, students must provide reasons and supporting evidence justifying their grounds for the complaint or appeal.

If the student is still dissatisfied by the outcome of an internal appeal they have the right to the external complaints or appeals process.

An external party to TAE Training Academy will review the case to identify if TAE Training Academy has followed the correct process as stated in the complaints and appeals policy in handling the complaint or appeal. The external party does not review the outcome of the complaint or appeal.

Students' have the right to seek advice from and be represented by external parties at any time during the complaints and appeals process. The cost of this will be borne by the student.

If you require any further support and/or clarifications on the student handbook or TAE Training Academy's operations, then you can contact TAE Training Academy.

Workplace arrangements

You will therefore need access to a training environment and at least 8 students in order to complete the requirements of parts of this course. You will also need equipment and resources to deliver the training – the equipment needed will depend on the training that you will deliver, but will include standard items such as a data projector, whiteboard, laptop / desktop computer, printer, stationery, etc.

You will need to assess at least 5 participants as part of the course. The participants you assess will generally be drawn from the students that you deliver the training to.

You are required to facilitate the delivery of training to at least two participants (in addition to the delivery of training sessions to 8 participants as described above). You should therefore also ensure that you are able to facilitate these sessions in the workplace.

If you have any queries regarding workplace arrangements, please do not hesitate to call TAE Training Academy.

Refunds

The activation fee (to activate your enrolment) for all courses is non-refundable in all circumstances (except provider default).

If a client withdraws from a course the following terms and conditions apply:

If an enrolment in the course is cancelled or changed more than 21 days prior to commencement of the course all fees less the activation fee is refunded.

If an enrolment in any course is cancelled by you within 21 days of commencement of the course, or you do not commence on the agreed date, or withdraw from the course once it has commenced, there will be no refund of fees paid to date, unless:

- illness prevents you from taking up the course;

- extenuating circumstances exist.

Refunds in these circumstances are not automatic and are at the discretion of TAE Training Academy.

Where evidence can be successfully provided to support the client's circumstances, course fees may be transferred to the next available course where applicable. This decision of assessing the extenuating circumstances rests with TAE Training Academy and shall be assessed on a case by case basis.

It is the responsibility of the student to provide written advice of withdrawal, by completing a Withdrawal Form. Please contact TAE Training Academy to request a Withdrawal Form. Advice of withdrawal made by telephone will not be accepted.
